Victaulic Releases New Features for Victaulic Tools for Revit®

Easton, Pa. USA – September 12, 2018 – Victaulic, the world's leading manufacturer of mechanical pipe-joining systems, today released new features for Victaulic Tools for Revit® which are available for all supported versions of Revit.

New features include:

- Component Bank
 - Capturing an entire selection within a model, allowing you to save and recall your selection from project to project.
- Tap Creator
 - Creates complicated tap configurations in seconds based on user defined presets.
- Project Maintenance
 - Transfers system families and loadable families into your project with the click of a button.

[Click here](#) to learn more about these innovative tools.

Victaulic Tools for Revit® is designed to improve the functionality of native Revit, through the use of enhanced routing tools and an innovative platform bringing Fabrication into Revit. A free, 30-day trial of the Victaulic Tools for Revit add-in is immediately available for download at <http://www.victaulicsoftware.com>.

About Victaulic
