

HISTORY

Patented in 1919, the "Victory Joint" is an innovation that allows pipes to be coupled or joined without threading, welding, or flanging, revolutionizing pipe assembly across the globe. In 1925, Victaulic Company of America was founded with a name derived from the words victory and hydraulic. Today, Victaulic continues to create unconventional solutions that exceed customer and industry expectations.

PRODUCTS

- ▶ Couplings
- ▶ Diverter Valves
- ▶ Equipment Modules and Assemblies
- ▶ Expansion Joints
- ▶ Fire Control Valves
- ▶ Fittings
- ▶ Flexible Piping
- ▶ Hydraulic and Air Valves
- ▶ Hydronic Balancing Assemblies
- ▶ Pipe Preparation Tools
- ▶ Strainers
- ▶ Suction Diffusers
- ▶ Sprinkler Heads
- ▶ Special Hazards
- ▶ Suppression Systems
- ▶ Flow Control Valves

ABOUT US

Victaulic is the originator and world's leading producer of grooved mechanical pipe joining and flow control solutions.
